**Sign up for a chance  
to win monthly  
cash prizes**

---

## How it works

You can enter the lottery for as little as £5 per month. Upon receipt of your initial payment, you will be issued with your unique lottery number.

You can purchase as many entries as you wish.

The draw will take place on the first working day of each month with prizes being remitted directly to the winners. There is no need to claim.

You must be aged 16 or over to enter.

## Prizes

The charity's aim is to distribute three monthly cash prizes of £500, £200 and £100, to a maximum value of £800.

The prize distribution will be possible when there are at least 400 lottery members. If there are fewer members, the prize allocation will comprise 40% of the monthly proceeds distributed in a similar ratio to that shown above.

## On Course Foundation

On Course Foundation supports the recovery of our wounded Service personnel and veterans through the sport of golf. It plays a vital role in their rehabilitation and return to normal civilian life whilst looking to source long-term employment opportunities for them in the game and its related industries.

With a mission to restore self-confidence and build self-belief within an environment that promotes camaraderie amongst its beneficiaries, this is achieved by organising a programme of nationwide golf activities.

Following their life-changing injuries, where many once struggled to see hope in their future, they can engage and participate in a sport that not only improves their wellbeing but increases both their physical and mental strength.

*“You think you are having a bad day and then you see a guy like that and what he’s been able to do. It’s inspirational and puts everything in perspective.”*

# Thank you

On Course Foundation is reliant on voluntary contributions to continue its vital work in supporting the recovery of our wounded Service personnel.

Since the charity was founded ten years ago, over 21,000 members of the Armed Forces have been medically discharged from Service. They, together with the many thousands who left before, justify the continuing need for the charity's existence to provide the support required to assist recovery and rebuild lives.

Whilst we may not currently be involved in major visible conflict, and the number of personnel sustaining physical injuries may be reducing, the demand for our services has not diminished. For many, the effects of serving on the front line will only come to the surface in the years that follow and it is those suffering from mental health issues that will be increasingly looking to us for support.

The On Course Foundation Lottery will represent a significant element of our overall fundraising revenue and your participation will enable us to continue our charitable activities and deliver the essential services that are needed.

Thank you for your support.
