### I am marching to help injured veterans like Greig Phillips

Greig served in the RAF Regiment and lost his right leg whilst on operational duty in Afghanistan which led to him losing his military career.

Greig had recently started playing golf when he got involved with On Course Foundation. Missing interaction with other Servicemen. It was exactly what he needed. Golf gave him a focus as he continued his recovery and his confidence returned.

Since then he has been the Captain of his golf club and has taken up a role in the Greenkeeping team. The game continues to be an important part of his physical and mental wellbeing.

*"There is a familiar feeling of being part of a unit again, which is something that I missed massively when I left the Military. We're all in the same boat within the Foundation and some of us have forged friendships that will last a lifetime."*

You can do your own March Fore Mulligans
