

This July I will be supporting

ON COURSE
FOUNDATION

By completing a
March Fore Mulligans

My March will be:

On:

I will be walking:

If you would like to sponsor me you can do so by:

I am marching to help veterans like Kate Surman

Kate was an Engineering Officer in the Royal Electrical & Mechanical Engineers when she was diagnosed with a rare form of cancer. This led to medical discharge and the end of her military career. As a result of her cancer she had to have her jaw rebuilt using her left fibula.

Being of a sporting nature, Kate gave golf a try during her rehab and has never looked back, using the game to rebuild confidence and to get her competitive edge back.

She will shortly become Lady Captain of her golf club and cites golf has being key to her health and wellbeing.

'OCF has given me confidence that I can achieve again. They have taught me a new sport and have given me the drive and motivation back that I had lost following my illness.'

It has given me competition back that I thrive for and also a continual aim to improve. I feel comfortable around OCF beneficiaries and the worries of disfigurement and scarring disappear along with any apprehension of being judged by others."

You can do your own **March Fore** Mulligans
